Evaluation kit

NDIR bundle

Hello gas measuring champion, you are about to start your NDIR adventure.

The infrared emitters and detectors in this bundle are optimized for CO₂* and waiting for you to start the evaluation with the new eNDIRi² evaluation kit. Measure smarter not harder with a new era of evaluation.

* Discover NDIR bundles for other gases in our online store.

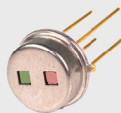

CO₂ gas analysis

JSIR 350-4 emitter, TO39 with reflector and Sapphire window
JSIR350-4-AL-R-D6.0-N2-A1 | 6355.14-8.11

JSIR 350-5 emitter, TO39 with reflector and Sapphire window
JSIR350-5-AL-R-D6.0-N2-A1 | 6352.14-8.11

2 channel premium IR thermopile detector to measure carbon dioxide
TS2x200B-A-S1.5-1-Kr-E1/D2 | 4594.50-2.42

2 channel premium pyro detector to measure carbon dioxide
PS2x4C2-A-U-S1.5-Kr-E1/D2 | 4594.63-H.02
